PARENTS AS PARTNERS -

Yesterday Mrs. Baker and Mrs. Nixon spoke to parents about lots of different strategies that they use in the classroom that could also be implemented at home.

When reading it is fine for children to select books that they are already familiar with. Reading familiar books allows the children to increase their fluency and develop confidence in their reading ability. We encourage the children to improve their reading by working on the positives and providing strategies to enable a child to discover words that they are unsure of.

Children benefit greatly by listening to adults reading to them. You can assist students broaden their vocabulary by engaging them in meaningful conversations about everyday things and family events and outings.

The next session is on Tuesday, 22nd March at 3-45pm. The focus will be Numeracy.

Thank you for making books and Book Club a part of this journey.

BOOK CLUB LOOP

for parents

LINKED ORDERING AND ONLINE PAYMENT (LOOP)

LOOP enables parents to order and pay for their child’s Book Club order, thus removing the paperwork, keying and payment handling. Teachers still give out the catalogue and distribute the purchased books to the students, so the fun of Book Club is maintained. Schools still receive the same Scholastic Rewards for all orders. The LOOP app for mobile devices makes ordering even more convenient!

Download on the App Store or go to scholastic.com.au/LOOP
