IN THE CLASSROOM

Tomorrow for our Big Write session the younger students will be completing procedural writing based on the wonderful story Possum Magic. The older students have been working on planning narratives and will be using a plan that they have developed in class to write a narrative relating to explaining how something is created. If parents have a chance please talk to your children about their writing task. This helps the students clarify their thoughts and be more prepared to start writing.

OLYMPIC DAY AT BOLINDA

This was a fantastic day. The students were involved in many novelty and adapted sports based on the Olympics. Our students looked amazing wearing their country t-shirts during the opening ceremony. The highlight once again was watching the support that the students gave to each other the positive interaction amongst the two schools and the delighted smiles on the faces of the competitors. All students returned home with medals draped around their necks. It was a very tiring but rewarding day with wonderful weather. We are lucky that we changed the date.

SCHOOL DENTAL

School Dental facilitates the promotion of oral health for children of all ages through educational classes and dental treatment within the schooling environment.

They are based in Melbourne and provide services to all Victorian schools. Their mission is to improve the oral health standards of local communities through education and early intervention. Their main focus of our mobile dental division is children in schools.

School Dental employs state of the art equipment and our facilities adhere to the strictest Australian Dental Association Infection Control Guidelines, meet all Australia standards in healthcare.

They are able to take care of all the dental needs of school-aged children!

Information/consent forms have been distributed today. Please read carefully. If you want your student/s to visit the dental van, please complete one form per student and return to school by 1st September.
