Help restore a neighbour’s garden

Did your garden survive the recent fires?
Do you have time to strike some plants?

If the answer to either of these questions is yes then go forth and propagate. If you need pots to propagate into then call Viki on (5789 1237) and when your plants are ready for planting contact Lorreine Dalton (5789 1367) to arrange to drop them off.

If your garden suffered during the fires and you would appreciate some plants please contact Lorreine.

If you would like to share your experience and join in a conversation about what has been learnt from these fires, please come to one of our community workshops.

2014 Victorian Bushfire Study

If you are aged 18 years or older, you are invited to participate in a study on wellbeing after the recent 2014 bushfire season. Participation is voluntary and involves completing an anonymous online questionnaire which will take about 15 minutes.

We ask that individuals who have been severely affected by fire (such as loss of family, friends, homes or livelihoods) do not participate.

I am collecting this data for the research component of my Graduate Diploma of Psychology, at Federation University Australia. Please feel free to contact me, Emma Ring, if you would like more information at emmaring@students.federation.edu.au or my supervisor, Susan Crebbin at susan.crebbin@federation.edu.au.
